Re: KLVS(FM), Grass Valley, California
Facility Identification Number: 70676
Educational Media Foundation
Special Temporary Authorization

Dear Counsel:

This is in reference to the request filed April 15, 2009, on behalf of Educational Media Foundation ("EMF"). EMF requests special temporary authority ("STA") to operate Station KLVS temporarily with its authorized facilities. In support of the request, EMF states that it completed construction of facilities authorized by Construction Permit BPED-20070119AFL and filed License application BLED-20080402ACU; however, it was forced to discontinue operation on April 30, 2008, due to an FAA interference issue. EMF states that it is working with the FAA to resolve the issue, but that resolution will not occur in time to prevent the loss of the station's license on April 30, 2009. EMF states that it has obtained approval from the FAA for temporary resumption of operation, and requests STA in order to preserve its license.

Our review indicates that the Public Interest would be served by grant of the requested STA.

Accordingly, the request for STA IS HEREBY GRANTED. Station KLVS may operate with the facilities authorized by Construction Permit BPED-20070119AFL on April 17, 2009, in coordination with the FAA, as discussed above.

This authority expires on **April 18, 2009**.

Sincerely,

Charles N. Miller, Engineer
