In re: Multicultural Radio Broadcasting Licensee, LLC
KAZN(AM), Pasadena, California
Facility Identification Number: 51426
BMP-20041022AEF (Construction Permit)
BL-20090209APK (License Application)
Program Test Authority

Dear Mr. Lipp:

This is in reference to the above captioned license application and the request for program test authority filed by Multicultural Radio Broadcasting Licensee, LLC, ("Multicultural"), licensee of station KAZN(AM), Pasadena, California.

A preliminary study of the application reveals that condition #6 and #7 in the construction permit (BMP-20041022AEF) are not fulfilled.[1] Multicultural stated that the spurious emission measurements cannot be taken because of a filter problem. Consequently, Multicultural must fix the filter problem and submit the required measurements.

Accordingly, the request for program test authority is DENIED. Multicultural may continue operating pursuant to the outstanding special temporary authority (STA). Further action on the license application will be withheld for a period of sixty (60) days from the date of this letter to provide an opportunity to respond. Failure to respond within this time period will result in the dismissal of the application pursuant to Section 73.3568 of the Commission's rules.

Sincerely,

Son Nguyen
Supervisory Engineer

[1] Condition #6 and #7 require the spurious emission measurement of KAZN(AM) and co-located station KMRB(AM) be submitted.
