Re: KIOZ(FM), San Diego, California
Facility Identification Number: 13504
Citicasters Licenses, LP
Special Temporary Authorization

Dear Counsel:

This is in reference to the request filed June 14, 2006, on behalf of Citicasters Licenses, LP (Citicasters). Citicasters requests extension of the special temporary authority (STA) granted on March 22, 2006, to operate Station KIOZ with reduced power.[1] In support of the request, Citicasters states that it is in the process of relocating the station's antenna to a taller tower.

Our review indicates that, subsequent to the filing of the STA extension request, Citicasters applied for and was granted Construction Permit BPH-20060927AMF; that it has completed construction of the modified facilities and filed Application BLH-20070411ACO, for license to cover the permit. Thus, STA is no longer necessary.

Accordingly, the request for extension of STA IS HEREBY DISMISSED.

Sincerely,

Charles N. Miller, Engineer

cc: Citicasters Licenses, LP

---

[1] Station KIOZ is licensed for operation on Channel 287B (105.3 MHz) with effective radiated power ("ERP") of 23.5 kilowatts (H&V), and antenna height above average terrain ("HAAT") of 218 meters. Construction Permit BPH-20060927AMF authorizes relocation of the transmitter, an increase in ERP to 26 kilowatts (H&V) and a decrease in HAAT to 210 meters.
