Re: Educational Media Foundation
Notification of Operation Pursuant to Program Test Authority
K202CY / K211FM, Norfolk, NE (FIN-91450)

Dear Ms. Dortch:

On behalf of Educational Media Foundation ("EMF"), licensee of FM translator station K202CY, this letter is to notify the Commission that the station resumed broadcast operations on July 30, 2011, following the modification of the station's facilities consistent with the authority granted by construction permit FCC File No. BPFT-20110510AEP. Consistent with the parameters of that permit, the station commenced operation on Channel 211 – call sign K211FM – under automatic program test authority ("PTA"). On that date, EMF filed an FCC Form 350 covering license application with the Commission consistent with the FCC's rules. That application, FCC File No. BLFT-20110801AAM, is now pending before the Commission. Please note, commencement of operation on Channel 211 pursuant to PTA renders moot the previously filed notification of silent status.

Should there be any questions regarding this matter, please contact the undersigned.

Respectfully submitted,

Brendan Holland
