Re: Letter dated November 29, 2007 from Son Nguyen Regarding BP-20070720ACR

Dear Ms. Dortch:

Please accept this letter as the response of SIGA Broadcasting Corporation ("SIGA") to a letter dated November 29, 2007 from Supervisory Engineer Son Nguyen regarding application BP-200720ACR, a request by KTMR (AM) to make minor changes in it's facilities including a change in the city of license. In his letter, Mr. Nguyen cites another other proposal (BMPJ-20050118AER) which he states is in conflict with the above cited application.

On two separate occasions, July 24, 2007 and September 15, 2007, SIGA wrote letters to the Commission requesting dismissal of construction permit (BP-20040108ALC) and application BMJP-20040128AMG. The construction permit cited above was dismissed August 7, 2007 and the proposal in BMJP-20040128AMG was dismissed November 27, 2007.

With this letter, SIGA specifically requests application BMJP-20050118AER be dismissed and that the currently pending application BP-20070720ACR be granted. The July, 2007 application is the only request for KTMR which should be considered.

If you have any questions regarding this matter, please contact me at the above address/telephone number.

Respectfully submitted,

Dr. Gabriel Arango, President
