In re: Low Power Television Application of:
Hispanic Christian Community
Network, Inc.
Channel 23, McAlester, OK.
File no.: BMPDTL-20090710AUR
Facility Id No.:167509

Dear Applicant:

We are currently processing your above-referenced application. Our preliminary engineering review reveals that your proposed facility is for digital channel 23 and the exiting construction permit that the proposed modification was filed to change BDCCDTL-20061027ADF is for digital channel 18.

A digital channel change can not be filed as a modification change to an existing digital construction permit, you must file a displacement application for purposes of changing the channel; therefore, the above referenced modification construction permit IS HEREBY DISMISSED.

Sincerely

Hossein Hashemzadeh
Associate Chief
Video Division
Media Bureau
