Consideration of each satellite application in this Public Notice may depend on the Commission's action on another satellite application earlier in the queue. CORRECTIONS

SAT-RPL-20120326-00061 S2863 Intelsat License LLC

We are deleting the entry on one of two Public Notices, which accepted for filing Intelsat License LLC's application for authority to construct, launch, and operate a space station, to be known as Intelsat 21, at the 58.0° W.L. orbital location. That Public Notice, Report No. SAT-00864, which was released on May 4, 2012, duplicates the accepted for filing entry on Report No. SAT-00862, which was released on April 27, 2012. Thus, the Intelsat 21 entry will only appear on the April 27, 2012 Public Notice. This correction does not change the date on which comments regarding the application are due, which is May 29, 2012.
