Dear Applicant:

We are currently processing your above-referenced application. Our preliminary engineering review reveals that your proposed facility modification for digital channel 25 was filed to modify digital flash cut application BDFCDTA-20060331AHT for digital channel 25; however, the granting of the most recent digital flash cut application BDFCDTA- 20090804AAI for digital channel 25 superseded the previous digital flash cut application as mention above for digital channel 25. Therefore, the previous digital flash cut application BDFCDTA-20060331AHT can not be modified, as a result the above referenced modification application IS HEREBY DISMISSED.

Sincerely
