In re: Low Power Television Application of:
Luna Digital Television, LLC
Channel 39, Miami, FL.
File number BPDTL-20100419AAJ
Facility Id No.:168417

Dear Applicant:

We are currently processing your above-referenced application. Our preliminary engineering review reveals that your proposed minor change application for channel 39 was filed to change the facilities of the digital license application BLDTL- 20090223ACN channel 57. A channel change can not be processed by filing a minor change application; therefore, the above reference proposed construction permit IS HEREBY DISMISSED.

Our records show that you have a displacement application BDISDTL-20090629ACN that was granted June 29, 2009 and expires November 2, 2012 for channel 39. You can file a proposed minor modification application to modify the existing displacement application.

Sincerely
