In re: BPCDT-20090929ADE
WWJX
Jackson, MS
Facility ID# 166512

Dear Applicant:

This is in reference to the above-captioned application for a construction permit to modify your WWJX, digital television (DTV) station on channel 51 at Jackson, MS.

We have completed a technical review of your application and conclude that the application can not be processed because it is incomplete. Specifically, your application does not provide antenna structure registration number for the antenna tower specified in the application. This information is necessary to complete the processing of your application.

Accordingly, you must submit to the Commission the registration number for the transmitter antenna tower structure at the coordinates and heights referenced in your application within thirty (30) days from the date of this letter or your application WILL BE DISMISSED.

Sincerely,

Kevin Harding
Associate Chief
