Re: WREN-AM Facility ID 70262

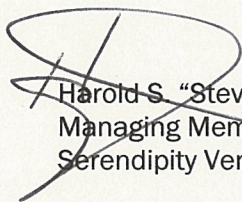

It is with deep regret that we submit the License for WREN-AM for cancellation. The continuing economic conditions along with some health issues in our family have brought on this action on our part.

The Post Card authorization is enclosed along with a copy of the Notification of Suspension of Operations we filed back on July 4, 2011, the day prior to what would have been the regulatory expiration of the License for not being in service for the previous year.

All of our regulatory fees are paid and up to date and we are not paying the 2011 regulatory fee unless directed to do so.

Thank you for all of your patience with us during the past few years while we sincerely tried to get this station back in operation to serve that community.

If you have any questions, please feel free to contact me.
