Hossein,

TTBG/KDBG License Sub, LLC ("TTBG") is in receipt of your letter dated January 27, 2012 reporting that Mexico objected to TTBG's application for a flash cut of KCWF-CA (channel 20), Las Cruces, NM (BDFCDTL-20110503ACY), due to interference with channel 20, Juarez.

As we discussed last week, TTBG has been evaluating its options and tentatively concluded that it is best to apply for a digital companion channel. TTBG is completing its engineering and technical evaluations and intends to file this application in the near future. Nevertheless, as the 30 day deadline to respond to your letter is expiring, I wanted to provide you with this update.

Please let me know if there is any reason why TTBG would need to file the application for a digital companion channel before you deny the flash cut application and we will expedite the process and file immediately.

Best, Ari
