Re: Cranston Acquisition, LLC (FRN: 0016172108)  
Station KMCC-DT, Laughlin, NV (Facility ID 41237)  
FCC File No. BEXP-20070302ABX  
(as extended by FCC File Nos. BEXP-20080312AFA, BEXP-20090316ACK,  
BEXP-20090916ADP, BEXP-20100312ADL, BEXP-20100914AHV,  
BEXP-20110317ADB and BEXP-20110914AEM)  
Request For Extension of Special Temporary Authority

Dear Sir/Madam:

Cranston Acquisition, LLC ("Cranston") licensee of KMCC-DT, Laughlin, NV, requests an extension of its Special Temporary Authority ("STA") for an experimental "fill-in" digital booster facility, with the technical parameters specified in the initial STA request (FCC File No. BEXP-20070302ABX). Copies of the initial grant and the most recent extension appear at Attachment A. The current extension is due to expire on March 15, 2012. The facility is used to provide digital broadcast service to portions of KMCC's authorized service area. Cranston is preparing and has coordinated with FCC staff regarding an application to license this facility as a distributed transmission system, but completion of the application has taken longer than expected.

Cranston provides digital coverage of Cranston's community of license, Laughlin, Nevada, pursuant to license BLCDT-20081114ACI. The instant experimental booster STA provides service within the authorized full-service contour for KMCC-DT from a site located at Black Mountain, Nevada at the following coordinates: 35-56-43N, 115-02-32W (NAD27) and will not cause impermissible interference. KMCC would continue to operate its STA using a directional antenna with 5 kW ERP at the following elevation parameters:

Radiation Center AGL	57 meters
Radiation Center AMSL	1378 meters

1140 19th Street, N.W. | Suite 600 | Washington, DC 20036  
Voice: 202.296.2007 | Fax: 202.296.2014  
www.rinicoran.com | www.telecommunicationslaw.com

For the foregoing reasons, Cranston respectfully requests expedited grant of the instant application for extension of its experimental booster STA for a one year period.

Respectfully submitted,

Robert Rini

Enclosure

Gentlemen:

This refers to your request for extension of Experimental Authority to operate digital Television Booster station.

Your request IS HEREBY GRANTED and the Experimental Authority and terms of FCC notification of March 15, 2007 are extended to expire March 15, 2012. This authority is conditioned upon the avoidance of interference to any existing facilities.

Sincerely,

Hossein Hashemzadeh  
Deputy Chief  
Video Division  
Media Bureau

In re: Experimental Authorization for  
Cranston Acquisition LLC  
Channel 32, Laughlin, NV  
Temporary Call Sign, KMCC1-D  
BEXP-20070302ABX  
Fac. ID #: 41217

Gentlemen:

This is in response to your request for an experimental authorization for a Digital Television Booster station. The purpose of this authorization is to permit Cranston to improve coverage to portions of the service area authorized in KMCC's digital construction permit and to expedite the introduction of new digital service to these communities.

With respect to radio frequency radiation (RFR), we expect compliance with Section 1.1307(b) of the Commission's Rules to be achieved.

After a thorough review of the technical submissions, we are persuaded that no interference is likely to occur from the proposed operation. We therefore conclude that the public interest would be served by the grant of this authorization. If problems do arise, we expect them to be solved expeditiously, and the Bureau reserves the right to require the termination of the operation without further notice.

Accordingly, your request for an experimental authorization is GRANTED subject to the terms specified below. This authorization expires on March 15, 2008. Temporary call sign KMCC1-D is assigned.

SPECIFICATIONS:

Channel: 32

Antenna Coordinates: N. Latitude: 35-56-43  
W Longitude: 115-02-32

Antenna Type: Directional  
Make: RYM  
Model: RYMSABBR

Maximum Effective Radiated Power: 5.0 kW

Height of radiation center above ground: 57.0 meters

Height of radiation center above mean sea level: 1378.0 meters

Out of channel emission mask: Stringent

Sincerely,

Hossein Hashemzadeh
