Re: WPCG-LP; Canton, GA
Cherokee FM Radio
Facility ID # 124395
BPL-20120611AAG

Dear Applicant:

An engineering study of the above-captioned minor change application reveals that the proposed transmitter site fails to meet the minimum spacing requirements of 47 C.F.R. § 73.807. Specifically, the site proposed is 66 kilometers from co-channel license (BLH-20090508AAF) for WSRM(FM), Coosa, GA. The required spacing pursuant to § 73.807 is 67 kilometers.¹

In light of the above, application BPL-20120611AAG is unacceptable for filing and IS HEREBY DISMISSED. This action is taken pursuant to 47 C.F.R. § 0.283.

Sincerely,

Edna V. Prado
Supervisory Engineer
Audio Division
Media Bureau

¹ WPCG-LP's application proposes to change operation from channel 300 to channel 228. However, the channel change will create a new short-spacing to WSRM.
