Subject: NEW FLASH CUT APPLICATION FOR KVVB

Hi Hossein,

The new flash cut application for KVVB has been created and filed with number 20130107AAF. The application engineering section requests dismissal of the old flash cut application 20120510ACM so this is an extra note to let you know to dismiss that application. The client understands that the new app will have to go back to Mexico for coordination.

Regards,
Greg
