Dear Applicant:

This refers to your attorney's letter dated March 20, 2013, for special temporary authority (STA) to operate at reduced effective radiated power (ERP). You indicate that on March 10, 2013, an unexpected power surge after an electrical outage, caused damage to some of the components in the transmitter; leaving it capable of producing only about 50% of the regular power output. You state that reduced power operations will continue to be necessary while the applicant is trying to complete the repairs and restore full power operation.

In light of the above, special temporary authority pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules until September 21, 2013 IS GRANTED.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding".
