Subject: STA Application # BSTA-20131023AKU

Mohammad:

Pursuant to our discussion this morning regarding a typographical error in the above referenced STA application for television translator K33IV-D, Montrose, CO, please accept this email as the correction. Specifically, Section 7.1 in the Tech Box should identify the channel as 39, not 33. (33 is the current channel, 39 is the displacement channel sought.) If there are any other sections of the application or exhibit that identify channel 33 that should identify channel 39, please accept this email as the correction.

Thank you for contacting me about this issue so that it could be quickly corrected. Please do not hesitate to contact me with any questions or concerns.
