Dear FCC,

NO SERV

FCC Mail Room

I am writing to express my support for the Neighborhood Center's Low-Power FM Radio Station. The Neighborhood Center is a great community-operated and organized space in the center of Knoxville. It brings together people from all different backgrounds for a wide variety of activities.

If given this opportunity, the Neighborhood Center would provide a unique avenue for sharing information about community activities, social justice issues, music, art and so much more.

This would be a great spot for a community radio station.

Sincerely,
Carolyn K. O'Hara, Esq.
