Re: DWMLD-LD, Brownsville, Florida
Facility ID No. 168417

Dear Licensee:

This is with respect to the request filed by Word of God Fellowship, Inc. (the "Licensee") seeking reconsideration of the Video Division's letter, dated January 7, 2011, cancelling the license and deleting the call sign for station WMLD-LD, Brownsville, Florida (the "Station"). The Licensee seeks reinstatement of the Station's license. In light of the evidence provided by the Licensee, we find that the Station did not fail to broadcast a signal for any 12 consecutive months and that the Station's license was improperly canceled pursuant to Section 312(g) of the Communications Act of 1934, 47 U.S.C. § 312(g).¹ We note that cancellation of the Station's license could have been avoided if the Licensee properly notified the Commission when the Station resumed operations.

Accordingly, the request filed by Word of God Fellowship on February 3, 2011, **IS HEREBY GRANTED**, and the license and call sign for WMLD-LD **IS REINSTATED**. However, the Station **IS NOT** authorized, at any time, to operate on its previously authorized out-of-core channel. As of December 31, 2011, all low-power television broadcast stations operating on out-of-core channels (channels 52 through 69) were required to cease their out-of-core operations.² Therefore, the Station **IS REQUIRED** to commence operations on another channel **WITHIN 30 DAYS** of the date of this letter.

Sincerely,

Hossein Hashemzadeh
Deputy Chief, Video Division
Media Bureau

¹ Moving forward, the Licensee should be mindful of the automatic cancellation provision of Section 312(g), as well as its obligation to comply with all relevant Commission rules, including the timely notification of changes in the Station's operational status. Violation of Commission rules or failure to file required information with the Commission could result in adverse action being taken against the Station in the future.

² See *Amendment of Parts 73 and 74 of the Commission's Rules to Establish Rules for Digital Low Power, Television Translator and Television Booster Stations and to Amend Rules for Digital Class A Television Stations*, MB Docket No. 03-185, *Second Report and Order*, 26 FCC Rcd 10732, 10743-10749 (2011).
