Re: DK19IX-D, Romeo, Colorado  
Facility ID No. 58905

Dear Licensee:

This is with respect to the request filed by San Luis Valley Television (“Licensee”) on April 4, 2014, seeking reconsideration of the Video Division’s letter dated March 14, 2014, cancelling the license and deleting the call sign for station DK19IX-D, Romeo, Colorado ( “Station”). The Station’s license was canceled because it failed to file a license renewal application in a timely manner. On April 3, 2014, the Licensee filed a license renewal application and a request for special temporary authority (“STA”) for the Station. The license renewal application was placed on Public Notice on April 7, 2014, and remains pending. The STA, which was granted on April 3, 2014, requested authority for the Licensee to continue to operate the Station while the license renewal application remains pending.

In its request to reinstate the Station’s license, the Licensee states that it failed to file a license renewal application in a timely manner because of personnel changes at the Station and the subsequent hospitalization of the Mr. James Horton, the President of the Licensee. The Licensee also notes that it provides CBS and Fox network service to approximately 48,000 people living in the San Luis Valley of Colorado, and without the Licensee’s translators the residents of San Luis Valley would have no access to CBS or Fox network service, except through satellite service. In light of these facts and circumstances, we find reinstating the Station’s license is in the public interest.

Accordingly, the request filed by San Luis Valley Television on April 4, 2014, **IS HEREBY GRANTED**, and the license and call sign for K19IX-D, Romeo, Colorado **IS REINSTATED**.

Sincerely,

Hossein Hashemzadeh  
Deputy Chief, Video Division  
Media Bureau
