ORDER TO SHOW CAUSE - REVISED PARAMETERS

Unless you object, the license of station KSGL, WICHITA, KS, will be modified pursuant to Section 316(a) of the Communications Act of 1934, as amended, to specify nighttime operation. This will permit you to operate at night with a nominal power of 28.0 watts. (Instructions for calculating the actual operating power are enclosed.)

IF YOU AGREE TO THIS MODIFICATION, it will be necessary to send the required notification to the Commission before nighttime operation can begin. The instructions for this are set forth on the enclosed instruction sheet.

OPERATION CANNOT BEGIN UNTIL THE NEW AM AGREEMENT WITH MEXICO IS IMPLEMENTED. That date will be announced later.

IF YOU OBJECT TO THIS MODIFICATION you may, pursuant to SECTION 1.87 of the Commission's Rules, request that a hearing be held on the proposed modification or file a written statement in opposition to the modification proposed in this Order to Show Cause. In such case, the Commission will conclude that Station KSGL does not wish to have nighttime operation, and the station license will not be so modified. Instead, it will retain its current daytime-only authorization.

----- THE DEADLINE FOR FILING SUCH AN OBJECTION IS July 30, 1986. -----

PLEASE NOTE: In the event the Commission receives no written opposition to the proposed modification, the right to a hearing will be considered to have been waived, and the licensee of Station KSGL will be deemed to have consented to the modification. In such case, the station must begin nighttime operation within a year after the Mexican Agreement is implemented and must be conducted in compliance with the rules applicable to such operation.
