Operational Status Inquiry

Dear Ms. Dodd:

Our records indicate that the station referenced above has been silent since at least April 25, 2016.<sup>1</sup> Therefore, pursuant to Section 312(g) of the Communications Act, as amended,<sup>2</sup> the station's license expired as a matter of law at 12:01 a.m., April 26, 2017. Unless we receive documented evidence<sup>3</sup> within 30 days of the date of this letter that our records incorrectly reflect the operational status of the station and that, in fact, the station returned to the air with authorized facilities at some time between April 25, 2016, and 12:01 a.m., April 26, 2017, the Commission's public and internal databases WILL BE MODIFIED to indicate that the broadcast license for the referenced station is EXPIRED, that the station's license is CANCELED as a matter of law, and that the station's call sign is DELETED.

Finally, we note that it is imperative to the safety of air navigation that any prescribed painting and illumination of the station's tower be maintained until the tower is dismantled. Accordingly, the owner of the tower where the referenced station's transmitting antenna is located is required, pursuant to 47 U.S.C. Section 303(q), to maintain the tower in the manner prescribed by our rules and the terms of the cancelled license.<sup>4</sup>

<sup>3</sup> Such evidence must indicate the dates broadcasts ceased and resumed, and the transmitter site location, effective radiated power and antenna height above ground level for all periods of operation. This evidence includes copies of leases, personnel records, engineering records, station logs, quarterly issues/programs lists, invoices, bills, checks written or received, credit card charges, wire transfers or deposits of funds relating to the station's operation from April 25, 2016, to the present.
