File No. BMPL-20171206ACR

Dear Applicant:

This is in reference to the above application proposing a major change of transmitter location. For the reasons set forth herein, we will dismiss the application.

The *Second Report & Order* in MM Docket 99-25 established the definition of a “minor change” as it applies to LPFM applications.¹ The Commission stated that minor change applications would be limited to those specifying changes in site location of 5.6 kilometers or less. Thus, the instant application specifying an 9.0 kilometer change in site location violates Section 73.870 of the Commission’s Rules.² KOUV-LP recognizes this violation and submitted a waiver request for the major change distance move stating that the licensed site and the construction permit site are not suitable. In support of the waiver request, KOUV-LP states that the licensed site has terrain clutter that prevents the signal from reaching its target audience and the construction permit site has expensive hurdles such as canopy and no power. The record before us does not present unique circumstances sufficient to justify grant of the waiver request. A move beyond 5.6 kilometers for these reasons does not provide the basis for waiver of the minor change distance relocation rule. This can only be accomplished during a major change/new station filing window. We conclude that waiver of Section 73.870 is not warranted in this case.

The Commission's rules may be waived only for good cause shown.³ An applicant seeking a rule waiver has the burden to plead with particularity the facts and circumstances that warrant such action.⁴ The Commission must give waiver requests “a hard look,” but an applicant for waiver “faces a high hurdle even at the starting gate”⁵ and must support its waiver request with a compelling showing.⁶ The Commission may exercise its

discretion to waive a rule where the particular facts make strict compliance inconsistent with the public interest.⁷ In addition, the Commission may take into account considerations of hardship, equity, or more effective implementation of overall policy on an individual basis.⁸ However, waiver of the Commission's rules is appropriate only if both (i) special circumstances warrant a deviation from the general rule, and (ii) such deviation will serve the public interest.⁹ KOUV-LP's request fails to present good cause for waiver of Section 73.870. KOUV-LP has not shown sufficiently unique "special" circumstances, *i.e.*, rare and exceptional circumstances beyond its control to justify a waiver of Section 73.870. Finally, we find that the facts and circumstances set forth in the justification are insufficient to establish that granting waiver of Section 73.870 would be in the public interest.

Accordingly, in light of the above, application BMPL-20171206ACR is unacceptable for filing and IS HEREBY DISMISSED. These actions are taken pursuant to Section 0.283 of the Commission's rules.¹⁰

Sincerely,

James D. Bradshaw
