Re: KMIT(FM), Mitchell, SD (BSTA-20180913AAV)
Facility ID No. 43239
Return to Licensed Parameters

Dear Ms. Dortch:

This is written on behalf of Saga Communications of South Dakota, LLC, licensee of standard broadcast station KMIT(FM), Mitchell, SD, which holds special temporary authority ("STA," *i.e.*, BSTA-20180913AAV) to operate with parameters at variance granted September 14, 2018, to expire on March 13, 2019.

The STA was granted after a September 7, 2018 lightning strike damaged the KMIT antenna. As a result, KMIT operated at 50% of licensed power since the initial damage was sustained. The damage has now been repaired, KMIT has resumed normal operations, and the STA is no longer necessary.

If there are any questions with respect to this matter, please communicate with the undersigned.

Very truly yours,

Gary S. Smithwick
