Report No. SES-01990

Wednesday September 13, 2017

Satellite Communications Services re: Satellite Radio Applications Accepted For Filing

The applications listed herein have been found, upon initial review, to be acceptable for filing. The Commission reserves the right to return any of the applications if, upon further examination, it is determined they are defective and not in conformance with the Commission's Rules and Regulations and its Policies. Final action will not be taken on any of these applications earlier than 30 days following the date of this notice. 47 U.S.C. § 309(b). All applications accepted for filing will be assigned call signs, or other unique station identifiers. However, these assignments are for administrative purposes only and do not in any way prejudice Commission action.

SES-AMD-20170831-00970 E E170103 DIRECTV Enterprises, LLC

Amendment

Class of Station: Fixed Earth Stations

Nature of Service: Direct Broadcast Satellite Service

See IBFS File No. SES-LIC-20170428-00485 for a description of application.

Database Entry Modification

Class of Station: Fixed Earth Stations**Nature of Service:** Fixed Satellite Service

Federal Aviation Administration requests modification of the data base entry for its fixed earth station authorization, to relocate the earth station within in Kenai, AK to replace its 3.6 meter- antenna with an 11.3-meter antenna. This station will continue to communicate with Permitted List satellites in the 5925-6425 MHz (Earth-to-space) and 3700-4200 MHz (space-to-Earth) frequency bands.

Application for Authority

Class of Station: Fixed Earth Stations**Nature of Service:** Direct Broadcast Satellite Service

This application was amended by IBFS File No. SES-AMD-20170831-00970 to correct the proposed earth station's geographic coordinates, revise the previously specified antenna gain and power limits, and include an updated frequency coordination and interference analysis report.
