Permit To Deliver Programs To Foreign Broadcast Stations

re: Actions Taken

The Commission, by its International Bureau, took the following actions pursuant to delegated authority. The effective dates of the actions are the dates specified.

325-STA-20181128-00003	P	Local Media San Diego, LLC	
Special Temporary Authority			
Grant of Authority			Date Effective: 02/06/2019

Granted with conditions on February 6, 2019, in order to ensure the provision of ongoing and future programming, the Local Media San Diego, LLC ("LMSD") application for Special Temporary Authority ("STA") to deliver cross-border transmissions of broadcast programs to stations XETRA-FM (91.1 MHz), XHITZ-FM (90.3 MHz), and XHRM-FM (92.5 MHz).

This Grant is effective February 6, 2019 for the period during which the Commission is processing LMSD's application for regular authority or 180 days, whichever comes first. Grant of this STA is without prejudice to any action that the Commission may take on the underlying Application, including denial. This grant will be subject to immediate termination upon Commission action on the underlying Application.

Grant of this STA Permit is further conditioned upon the Mexican stations' operation in full compliance with applicable treaties and related provisions concerning interference to U.S. broadcast stations. This authorization is predicated on the use of a foreign station assignment, which must abide by the terms of the 1992 Agreement between the Government of the United States of America and the Government of the United Mexican States Relating to the FM Broadcasting Service in the Band 88-108 MHz. Hence, this program authorization applies only to the specific foreign station facilities which are currently on file with the Commission as having been officially coordinated by the Government of Mexico and subsequently approved by the Commission for operation. If the transmitter coordinates or technical operating parameters of the foreign station are altered subsequent to this authorization or are found to be different from those currently on file and approved by the Commission, this program authorization may be subject to immediate termination without right to hearing.
