### **CORRECTIONS**

**SAT-MOD-20190802-00070** S3032 BlackSky Global, LLC

This notice corrects a typographical error in the description of the acceptance for filing of the application by BlackSky Global LLC that was published on September 13, 2019 (Report No. SAT-01412). The description should have read, in pertinent part, "BlackSky requests authority to operate in the 2025-2110 MHz frequency band (Earth-to-space)..." instead of "BlackSky requests authority to operate in the 2025-2100 MHz frequency band (Earth-to-space)." Due to the typographical nature of the error, comments on the application will still be due 30 days from the September 13 Public Notice date.
