Report No. SAT-01474

Friday June 19, 2020

Satellite Policy Branch Information

Space Station Applications Accepted for Filing

The applications listed below have been found, upon initial review, to be acceptable for filing. The Commission reserves the right to return any of the applications if, upon further examination, it is determined that the application is not in conformance with the Commission's rules or its policies. Consideration of each satellite application in this Public Notice may depend on the Commission's action on another satellite application earlier in the queue. Petitions, oppositions, and other pleadings filed in response to this notice should conform to Section 25.154 of the Commission's rules, unless otherwise noted. 47 C.F.R. § 25.154.

SAT-MOD-20200603-00065 E S2946 Spire Global, Inc.
Date Filed: 06/03/2020 13:26:48:94600
Modification

Spire Global, Inc., requests modification of the license granted for its non-geostationary satellite system, LEMUR, with respect to one satellite to include operations in the 8025-8325 MHz (space-to-Earth) and 9200-10550 MHz (Earth-to-space) frequency bands. In connection with this request, Spire requests waivers of 47 CFR §§ 25.156, 25.157, 25.217(b), and waivers of 47 CFR § 2.106 regarding operations of the satellite in the 8025-8325 MHz (space-to-Earth) and 9200-10550 MHz (Earth-to-space) frequency bands. The application includes other requests concerning other satellites in Spire's LEMUR and MINAS systems. At the request of the applicant, those requests are not accepted for filing at this time and will be addressed by separate action at a later date.

SAT-MPL-20200609-00070 E S3043 SES-17 S.a r.l.
Date Filed: 06/09/2020 17:32:45:01300
Modification to PDR/PPL

SES requests modification of its grant of U.S. market access using the SES-17 space station (SAT-PPL-20190305-00014) by changing one of SES-17's telemetry, tracking and command frequencies. SES requests authority to use 14007.0 MHz as one of its command frequencies rather than the previously authorized 14005.0 MHz. SES requests no additional modification to its authorization for the SES-17 space station.

For more information concerning this Notice, contact the Satellite Division at 202-418-0719; TTY 1-888-835-5322.
