Re: SAT-MOD-20101118-00239

Dear Ms. Dortch:

In its Order dated January 26, 2011 ("*LightSquared Order*"), the Federal Communications Commission ("Commission") required LightSquared Subsidiary LLC ("*LightSquared*") to submit reports on the 15th day of each month describing the progress of the Working Group ("WG") convened to study the GPS overload/desensitization issue discussed in the *LightSquared Order*, concluding in a Final Report due no later than June 15, 2011.¹ The first of these reports, due March 15, 2011, was required to include, at a minimum, "base station transmitter characteristics, categories of GPS devices and their representative performance characteristics, and test plans and procedures."²

A copy of the WG's first progress report ("*March Progress Report*"), hereby submitted to the Commission jointly by LightSquared and the United

States Global Positioning System (“GPS”) Industry Council (“USGIC”) as Co-Chairs of the Working Group, is attached. As discussed in greater detail in the March Progress Report, in the short time since filing its initial report,³ which included a work plan outlining the intended actions and governance of the WG, the Technical Working Group has been formed, has held several work sessions, and is moving forward with the items outlined in the work plan.

Please do not hesitate to contact me with any questions.

Respectfully,
