Re: Supplement to Intelsat 2 De-orbit Notice
Call Sign: S2459

Dear Ms. Dortch:

Intelsat License LLC ("Intelsat") hereby notifies the Commission that it has completed all aspects of the de-orbit of its Intelsat 2 satellite. Specifically, Intelsat has depleted the satellite's fuel, discharged the batteries, disconnected the power from the bus, and shut off the transmitters. Intelsat further updates the final measured orbit, apogee and perigee information previously provided.¹ Specifically, the final measured orbit of the Intelsat 2 satellite is 304 km above the geostationary arc, with an apogee and perigee of 347.11 km and 261.27 km above the arc, respectively.

Please do not hesitate to contact the undersigned should you have any questions.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Susan H. Crandall".

Susan H. Crandall
Assistant General Counsel
Intelsat Corporation
