

**Exhibit 17**

**Public Inspection File**

Throughout the period of time covered by this license renewal application, Media General Broadcasting of South Carolina Holdings, Inc. ("Media General") believes that KIMT(TV) prepared and placed in its public inspection file all required reports, applications, and other materials. While Media General cannot be certain in all instances when the documents may first have been placed in the file, it believes that it has complied with Commission requirements as to timing in all material respects, and it is not aware of any untimely submissions, with the exception of the station's EEO Public File Report for the period from October 1, 2003 to September 30, 2004. During preparation of this license renewal application, KIMT(TV) discovered that this report had not been prepared and placed in the public inspection file. Upon discovery, KIMT(TV) promptly reviewed its records and created this report and placed it in the public inspection file in September 2005.
