Report No. SES-02180

Wednesday July 10, 2019

Satellite Communications Services re: Satellite Radio Applications Accepted For Filing

The applications listed herein have been found, upon initial review, to be acceptable for filing. The Commission reserves the right to return any of the applications if, upon further examination, it is determined they are defective and not in conformance with the Commission's Rules and Regulations and its Policies. Final action will not be taken on any of these applications earlier than 30 days following the date of this notice. 47 U.S.C. § 309(b). All applications accepted for filing will be assigned call signs, or other unique station identifiers. However, these assignments are for administrative purposes only and do not in any way prejudice Commission action.

SES-MOD-20180720-02556 E KA224 GlobeCast America Incorporated

Application for Modification

Class of Station: Fixed Earth Stations

Nature of Service: Fixed Satellite Service

GlobeCast America Incorporated, requests modification of its Culver City, CA fixed earth station site to: (1) add C-band and Ku-band antennas; (2) update the site coordinates and the associated frequencies; and (3) add "Permitted List satellites" as points of communication.

Application for Modification

Class of Station: Fixed Earth Stations

Nature of Service: Fixed Satellite Service

GCI Communication Corp. requests modification of its fixed earth station in False Pass, AK to add and change emission designators, and to increase the EIRP and EIRP Density to support point to point data networks. This station will continue to communicate with Permitted List satellites in the 5925-6425 MHz (Earth-to-space) and 3700-4200 MHz (space-to-Earth) frequency bands.
