April 16, 2014

VIA ELECTRONIC FILING

Marlene H. Dortch  
Secretary  
Federal Communications Commission  
445 12th Street, SW  
Washington, DC 20554

Dear Ms. Dortch:

On Tuesday, April 15, 2014, Geoff Stearn, Vice President – Spectrum Development of LightSquared; Maqbool Aliani, Vice President – Spectrum Management & Technical Regulatory Programs of LightSquared; and John P. Janka and James H. Barker of Latham & Watkins LLP, outside counsel to LightSquared, met with the Commission representatives listed below.

The discussion focused on the materials provided in LightSquared’s April 14, 2014 filing in certain of these proceedings. Those materials include a summary of the Alion reports on the feasibility of sharing the 1675-1680 MHz band between commercial wireless and federal users. In light of the very favorable results of those reports, LightSquared urged the Commission to issue an NPRM in RM-11681 as soon as possible.

Please contact the undersigned with any questions.

Respectfully submitted,

/s/  
John P. Janka  
James H. Barker
