

Response to Questions 33 and 34

This Application is one of a group of applications being filed in connection with seeking FCC consent for the transfer of control to T-Mobile US, Inc. (“T-Mobile” or “Transferee”) of FCC licenses, authorizations and leases held by subsidiaries of Sprint Corporation (“Sprint” or “Transferor”) (together, “Applicants”), as well as the *pro forma* transfer of control of FCC licenses, authorizations and leases held by subsidiaries of T-Mobile.

The Transferee, T-Mobile, is a corporation directly and indirectly controlled by a corporation of which more than one-fourth of the capital stock is owned of record or voted by a corporation organized under the laws of a foreign country. A full description of the transaction and discussion of the proposed post-closing control and ownership of Transferee are associated with ULS File No. 0008224209, the lead wireless application, as well as the Joint Application for Consent to Transfer Control of International and Domestic Authority Pursuant to Section 214 of the Communications Act of 1934, as Amended, filed in WT Docket No. 18-197 on June 18, 2018 (“Joint Application”).

Applicants hereby incorporate by reference the information regarding the control and ownership of the post-transaction Transferee from the Joint Application at 3-5. The Joint Application contains a full description of the Transferee’s ownership, including any foreign direct or indirect owners of 10 percent or more, their nationality, their relationship to the Transferee, and the percentage of stock they own or vote.
