In the Matter of
LightSquared Subsidiary LLC
Request for Modification of its Authority for an Ancillary Terrestrial Component

OPPOSITION OF LIGHTSQUARED SUBSIDIARY LLC

LightSquared Subsidiary LLC ("LightSquared") hereby submits this opposition to the Petition for Reconsideration of Deere & Company ("Deere") that has been submitted in the above-captioned proceeding. 1 Deere’s filing seeks reconsideration of an Order and Authorization issued by the International Bureau ("Bureau") granting LightSquared a conditional waiver of the “integrated service” rule. 2

In its Petition for Reconsideration, Deere: (1) questions whether the Bureau has taken appropriate action with respect to GPS interference concerns; (2) maintains that a rulemaking was required to address LightSquared’s minor modification application; and (3) challenges the adequacy of the working group process provided for in the O&A.

1 On March 4, 2011, the Bureau grant stamped LightSquared’s Motion for Extension of Time seeking to extend the deadline for filing oppositions to petitions for reconsideration in this proceeding until March 14, 2011, and the deadline for filing replies to such oppositions until March 29, 2011. These changes align the pleading cycles on petitions for reconsideration and applications for review.

LightSquared addresses all of these issues in a Consolidated Opposition responding to the applications for review that have been filed in this matter. In opposition to Deere’s Petition for Reconsideration, LightSquared hereby incorporates by reference the showings it has made in its Consolidated Opposition.

Respectfully submitted,
