Re: In the Matter of LightSquared Subsidiary LLC Request for Modification of its Authority for an Ancillary Terrestrial Component; SAT-MOD-20101118-00239

Dear Ms. Dortch:

This letter briefly expresses support for the work the Federal Communication Commission ("FCC") is doing to create an America that has less costly and more reliable wireless broadband services, particularly in underserved communities. Please continue doing the responsible, visionary, and effective work you are doing to appropriately regulate LightSquared in its effort to change the landscape of wireless broadband access in America for the better. I support your efforts.

Sincerely,

[Signature]

April Yvonne Garrett
